Republicans Meet in Convention.

"BRIGHT, BRILLIANT BLAINE,"

Lauded as a Skillful, and fearless Leader.

Harmony Prevails on the Main Issues.

Nebraska Republicans.

By Associated Press.

LINCOLN (Neb.), Sept. 24.—The Republican State Convention was called to order here at ten o'clock this morning by Chairman Watson of the State Central Committee. He made a brief speech, congratulating the delegates upon the large attendance and predicting success for the candidates to be nominated.

"If the signs are true," said Chairman Watson, "the Republican National Convention at Omaha (cheers) in 1892 will nominate the next President of the United States, and that man will be the glorious Captain of the gallant Ship of State, the skillful navigator, fearless leader, bright, brilliant, matchless Blaine." At mention of the name of Blaine a cord from the rear was touched and the portrait of the Secretary of State dropped in sight. The effect was magical and 500 delegates immediately sprang to their feet and cheered. In concluding his speech the Chairman introduced Geo. H. Thummel of Grand Island as temporary chairman. He was received with cheers. His speech was brief, consisting mostly of prediction of Republican success. The temporary officers were declared permanent and the following Committee on Resolutions was appointed: P. L. Norval and J. Keck.

Among the resolutions introduced and referred to the committee was one opposing any fusion whatever with the Democratic party. All resolutions were referred to the committee on platform, and the convention took a recess until 2 o'clock this afternoon.

The committee on resolutions immediately met and began the formation of the platform. There was little difference of opinion as to the financial and transportation questions. It was finally decided to place the Republicans of Nebraska on record as declaring for honest money and endorsing the Republican legislation in the last Congress on the silver question. An equitable adjustment of freight rates was demanded, and the McKinley tariff law and principle of reciprocity was warmly endorsed. The administration of President Harrison was approved, and Nebraskaans point with pride to the diplomatic victories achieved by the State and Agricultural Departments under the present Republican administration in securing the admission of American pork into France and Germany.

Immediately after the reconvening of the convention, the chairman of the platform committee reported and the platform was adopted. It renews the expression of the Republican party of Nebraska and its devotion to Republican principles, and declares those principles as expressed by the Republican Convention should be a strong point of union between all the Republicans in Nebraska.

The prosperity of the State under Republican rule was mentioned as a prosperity which should silence "calumny talkers." It congratulates President Harrison on his wise and courageous administration, pledging him support in the discharge of the duties devolving upon him as Chief Magistrate of the nation. It continues as follows: "We rejoice at the restoration of vigor and statesmanship in the conduct of our foreign affairs under the guiding hand of America's favorite son, James G. Blaine; we approve of the silver coinage act of the present administration, by which the entire product of the silver mines of the United States is added to the currency of the people, but we denounce the Democratic doctrine of the free and unlimited coinage of silver as a financial policy able to precipitate the people of every city and every State in the United States on a prolonged and disastrous depression and delay the revival of business enterprise and prosperity so ardently desired and now apparently near.

Free and unlimited coinage of silver would tend to hoarding gold and force

the use of cheap money in payment of wages in every workshop, mill, factory, store and farm, and tend to the scaling down of wages of toilers, already depressed and weaken the purchasing power of a dollar which would be used to purchase the product of the factory; we are in favor of having every dollar as good as any other dollar; we demand the maintenance of the American system of protection to American industries and labor; a policy that has been identified with every period of our national prosperity and that we admire the genius of that heroic statesman, William McKinley, Jr., who some people will make their next Governor, as a recognition of his magnificent service to the country; we also commend and endorse that policy of reciprocity by which Central and South American nations and the Spanish Indies are being opened up to our trade upon favorable terms, and by which all the surplus products of our country may find a market and by which all our people shall receive in exchange therefore, a long line of products which do not produce ruinous competition among our own people nor destroy the development of the industries of our country.

We are heartily in favor of the general provisions of the Inter-state Commerce law and we demand the regulation of all railway and transportation lines in such a manner as to insure fair and reasonable rates to producers and consumers of the country. We favor such legislation as will prevent all illegal combination and all unjust exactions by aggregated capital and corporate powers. We insist upon the suppression of all trusts, combines and schemes designed to artificially increase the price of the necessities of life. The World's Columbian Exposition is endorsed as an "important event in the world's history," and "we are in hearty sympathy with every effort to make it a success." Additional appropriation for Nebraska's exhibit is recommended, and after referring with pride to the progress of the State and pledging legislation for the benefit of the industrial population the platform provides as follows:

We denounce the Grand Island platform of the Democratic party as framed with the deliberate purpose to mislead and decide wherein sympathy is expressed, where none is felt; wherein help is proposed where none is intended; wherein purposes are allowed which are not entertained. In support of this indictment we point to the pretended friendship for the soldier, while at the same time the Democratic party has always proclaimed against granting liberal pensions; to the free silver plank intended to deceive the support of free and unlimited coinage of silver, when it is known that many leaders of the party are opposed to this doctrine; the failure to give the people relief from exorbitant freight rates, while it was afraid to either approve or censure the action of its acting alien Governor for vetoing the Newbury bill. We denounce the Democratic party for its insinuations against the integrity of the Supreme Court of the State as an effort to make the judicial power subordinate to political parties and as disgraceful to a political organization. We denounce the Democratic party for its double dealings with the civil and political rights of the people, wherein it appears to favor free and untrammelled election in the State of Nebraska, but never raises its voice against the political outrages practiced against the Republican voters, white and black throughout the Democratic States south. We arraign the Democratic party as an enemy of labor, scheming to break down the defence of protection laws; to block wheels of commerce and to degrade the mass of the people; a party controlled by aristocracy and reactionary tendencies—the legacy of slavery. The Republican party appeals to the intelligence and to the integrity of the people of this State and from all good citizens we invite support.

Postmasters Appointed.
By Associated Press.
WASHINGTON, Sept. 24.—The President has appointed the following named postmasters: William G. Connel, Grand Junction, Col., vice Bridges removed; Geo. W. Rutherford, Winnemucca, Nev., vice A. T. Gilson, deceased; Benjamin F. Bothe, Box Elder, Utah, which office became vacant.

Killed in a Panic.
By Associated Press.
JACKSONVILLE (Fla.), Sept. 24.—Just before midnight last night a panic occurred in the Harmony Baptist Church (colored), caused by the lights going out. One woman was killed, three others received fatal injuries and about twenty people were seriously crushed and bruised.

Winter Crops Short.
By Cable and Associated Press.
St. PETERSBURG, Sept. 24.—The winter crops will be scanty and a renewal of the famine is apprehended in 1892. The failure is due to bad weather, late sowing and unwillingness to use grain for sowing during the famine.

Public School Day.
To-morrow (Friday) is Public School Day, the State-Fair Directors having generously extended an invitation to teachers and pupils to attend without charge. All pupils that desire this to be admitted must be at the central school building between 9 and 10 to-morrow morning. President Bray will be there to secure admission for them. But parents are notified that neither teachers nor principal will be responsible for the oversight of children on the Fair grounds.

To the Dead and Blind.
Wm. Ellery Briggs, M. D., the oculist, Aurist and Laryngoscopist of Sacramento, will pay his second visit to Reno next Sunday, the 27th, when all afflicted can call upon him. He can be found at the office of Dr. Thomas in the First National Bank building.

Small-pox in Mexico.
By Associated Press.
New York, Sept. 24.—Word has been received from the city of Campeche, Mexico, that small-pox is raging there. There is over 1,000 cases and more than 200 deaths reported. The people are panic stricken, as the disease is spreading.

An effort was made by members of the coffee exchange to squeeze the market, but the attempt resulted in a failure. Three or four leading firms in the New York Exchange have been attempting to buy the market for September coffee for some time. Unfortunately for them they ran afoul of European bears and big receipts on the City of Brazil. Coffee began to go down, and, in spite of the efforts of the bull clique, it kept going lower. Yesterday there was a further drop from 50 to 84 points. In a week the price of September coffee has gone down a cent a pound, or about \$1.33 per bag.

Hostilities in Alaska.
Special to the GAZETTE.
PORTLAND, (Or.), Sept. 24.—A letter received to-day by the Associated Press from Juneau, Alaska, under date of September 12th, says: Intelligence is just received here from the Upper Yukon that a band of hostile Chilkots attacked a small hunting party of two whites and five Indians and several were killed. It is thought here the party is the Ewing-Earl-cliff, composed of E. B. Ewing, a prominent citizen and journalist of Missouri, Herbert Earlcliff, a young Englishman, and five Indians. All were well armed. No particulars could be learned from the Indian who brought the news.

Priestess Vexed.
By Associated Press.
BUFFALO, Sept. 24.—At to-day's meeting of the Priestess Verein nearly the entire time was taken up balloting for officers for the ensuing year. Vicar General Mueselieph of St. Louis retains the Presidency of the organization; Vice-President, Dr. Meisner of Peru, Ind.; Secretary, Father Wm. Taerber of St. Louis; Treasurer, Father Duffell of Buffalo. A committee was appointed to select a place for the next year's meeting. The spread at which Archbishop Matzer, Bishop Otto Zarditti, Bishop Wagner and some 200 German priests participated, closed the congress.

Funeral Ceremonies.
By Associated Press.
EMIS (Pa.), Sept. 24.—The funeral of the late Hon. Wm. L. Scott took place from his late residence this afternoon. The services were simple but impressive. Among the most noted of the many distinguished persons present were ex-Governor Pattison, President Roberts of the Pennsylvania road and President Haggitt of the Northwest.

Blaine Gone from Bar Harbor.
By Associated Press.
BOZTON, Sept. 24.—The Herald's Ellsworth, Me., special says Secretary Blaine arrived there last evening, having left Bar Harbor notwithstanding the report that he would not take his departure until to-day. At Ellsworth station he was met by Senator Hale and Mrs. Hale, whose guest he will be during his stay in town.

THE WILL CONTEST.

Searles Still on the Witness Stand.

THE PORTE TO THE POWERS.

China's Fleet and Request to the French.

Chute Called For Contempt of Court.

Searles Will Contest.

SALEM (Mass.), Sept. 24.—This is the third day of the Searles will contest. The examination of Mr. Searles was continued. The witness had owned the estate in Metuen twenty-one years. Neither this estate nor the great Barrington property ever went into the partnership assets. The great Barrington property was transferred by deed to witness but had never been recorded. The deed was dated February 23, 1888.

The transfer was made through Stillman and was executed in Europe. Witness did not know of any transfer of the San Francisco homestead. Burley then produced deeds of San Francisco, Sacramento and Summit Soda Springs, in California, from Mrs. Searles, through Stillman, to witness. Witness had even after these transfers considered himself and wife equally interested in the property. The deeds to the Menlo Park property were also put in. None of these had been recorded. There had also been a deed of 1,500 acres of timber land in California.

A deed was put in conveying absolutely to witness the same property conveyed to witness by the marriage settlement. This was made six months after the marriage and was executed in Europe. The title of the Black Island property stands in the name of witness. The Fifth Avenue house was purchased in witness' name. These deeds were recorded, as witness understood the title did not pass until the deeds were recorded. No one suggested these be kept from the records so that neither Timothy Hopkins nor any of his wife's relatives should know of them. No one gave any reason for so doing. Another long schedule of stocks was transferred from Mrs. Searles to the co-partnership of Searles, Stillman & Hubbard.

The Porte to the Powers.
By Cable and Associated Press.
CONSTANTINOPLE, Sept. 24.—The Porte has sent a circular to the powers in regard to the passage through the Dardanelles of vessels of the Russian volunteer fleet. In this communication the Porte says that for several years past the Russian volunteer fleet has been running between Odessa and Vladivostok. These ships, being under the commercial flag of Russia, were granted the free passage of the straits.

It was found, however, the Porte's note continues, that these vessels sometimes carried soldiers, and these ships were detained owing to a mistake as to their real character.

The Porte's instructions, the note adds, were given to the officers on duty at the Dardanelles to prevent any further detention of vessels of the Russian volunteer fleet, wrongly construed by the newspaper press to be a violation of existing treaties. The note concludes with the remark that no new measure has been adopted and that the old one continues in force.

China Fleet Under Orders.
By Cable and Associated Press.
PARIS, Sept. 24.—The Chinese Charge d'Affairs in this city had an interview to-day with the Minister of Foreign Affairs and communicated to the latter a dispatch he received from the Chinese government, to the effect that the Pekin officials had ordered the Chinese navy fleet to proceed to the disturbed region with instructions to protect foreigners from molestation. The Chinese Charge d'Affairs concluded his interview with announcing that the Chinese government instructed him to inform the government of France that the Chinese hoped France would await the result of this movement upon the part of the northern fleet before taking any further action in the matter.

Tammany Graves.
By Associated Press.
GETTYSBURG, Sept. 24.—The Tammany graves to-day dedicated the monument erected on this battle-field to mark the position held by the 42d New York Infantry, which was recruited and sent out by the wigwag in 1861.

Railroad Wreck.

PITTSBURG, Sept. 24.—A wreck occurred this morning on the Pittsburgh & Western Railroad at Ellwood, about eight miles from Newcasttle, in which two men were killed outright and six or eight others injured, some fatally.

NEW CASTLE (Pa.), Sept. 24.—A terrible wreck occurred this morning on the Pittsburgh and Western R. R. at McKin's siding. At this point a west train with a force of 50 men was engaged in putting down a new track. While they were on the train throwing off dirt, a freight train crashed into it, piling the cars and engines up in a mass. Steam and boiling water poured over those caught in the wreck. For a moment there was silence. Then the air was broken by shrieks of the dying, making the scene so terrible that one of the train men, who escaped injury, fainted with horror. Train men and laborers not injured began at once to assist those imprisoned in the debris. By eleven o'clock the bodies of eight Italian laborers were taken from the wreck, and with the killing of Engineer Houghton, this swells the number of dead to nine. At least twenty men were injured, several of whom cannot recover. All the bodies were terribly mangled and disfigured. In a short time physicians and citizens were at the scene rendering all assistance possible. All trains are delayed, but a large force of men is at work clearing the track.

Chute Up for Contempt.

SAN FRANCISCO, Sept. 24.—Richard Chute appeared before Superior Judge Wallace this morning to show cause why he should not be punished for contempt in refusing to testify before the Grand Jury in the investigation which is understood to have begun by that body into the late legislative scandals. Chute, through his attorney, claimed the present Grand Jury was not a legal body, and its subpoena, therefore, need not be obeyed.

Fearful Fall.

SAN FRANCISCO, Sept. 24.—A bricklayer named Martin fell from the ninth story of the new Crocker block to the ground, a distance of one hundred feet this morning and was instantly killed.

African Shooting.

TUCSON, Sept. 24.—Francis J. Heney shot and mortally wounded Dr. J. G. Handy this morning.

THE RACES.

A Warm, Pleasant Day and Good Sport.

The grand stand was well filled this afternoon and the space in front was crowded with interested spectators to witness the races. The first on the program was a 1/4 dash with Kilgarriff, Kyrene, Ragna, Macky and The Jew as starters. Moody rode Kilgarriff, Ward rode Kyrene and Sullivan piloted Ragna. Mackay was ridden by Morton while The Jew was mounted by Sullivan. They got off together and made a rattling race for wire, with Ragna two lengths in the lead, Mackay second, Kilgarriff third, The Jew fourth and Kyrene, left at the pole, came in five or six lengths behind. Time, 1:02. It did not seem to be a contest, for Ragna's rider was looking over his shoulder all the way up the stretch.

The second race was a 1/4 dash between Col. D. Tom Stacy, Dew Drop and Charger. The pools sold \$20 for the field to \$10 for Charger and \$9 for Dew Drop. This was the best betting race of the week and more money went into the pool box. They being all district horses and nobody knowing just what they could do, made a good judgment. Tom Stacy won with Dew Drop second, Charger third and Col. D. last. Time, 1:30.

The next race called was the 2:30 trot between Our Jack, Josie C. Chloe and Tom Tucker. Our Jack was driven by Willie, Josie C. by Hines, Chloe by Snider and Tom Tucker by Keating. Pools sold as follows: Tucker \$40, Chloe \$20 and the other two and the field brought \$5. The first heat resulted in a victory for Chloe with Tucker at his wheel, Josie C. third and Our Jack distanced. Time, 2:30.

In the second heat Tucker took the lead from the top of the bell and maintained it well into the back stretch, when he broke badly and Chloe passed him and kept her position to within 200 yards of the wire, when she broke and Tucker took the heat, with Chloe second and Josie C. third. Time, 2:30.

To-morrow will be a very interesting day. There will be vaquero riding at 10 o'clock; El Rio Key will be speeded in the afternoon and the free-for-all trot and pacing races between Frank M., Gold Medal, Turk Franklin and Hammon will be a great event.

Everybody is sure of a good time if they take in the races to-morrow.

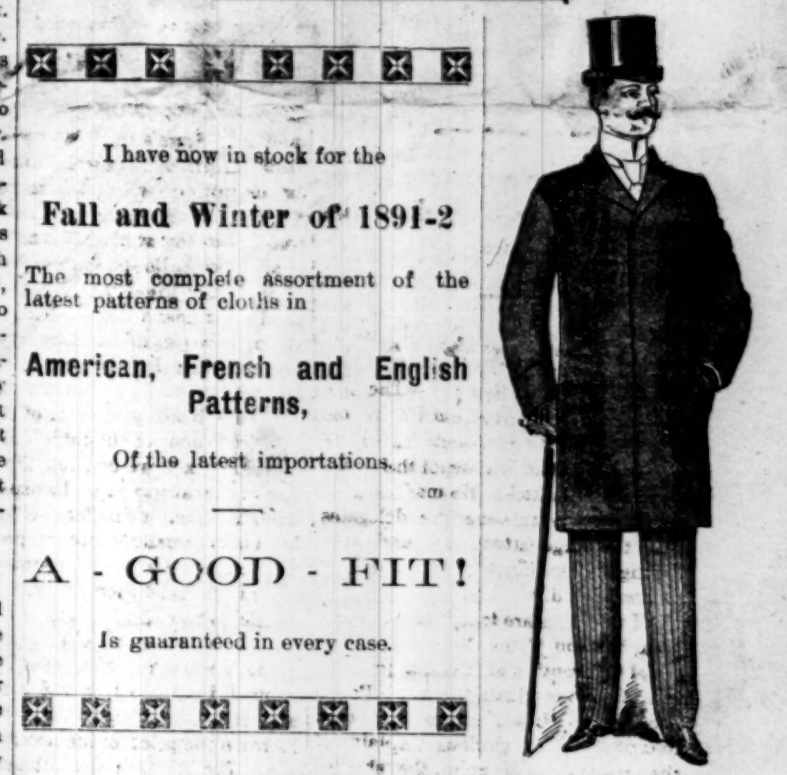

The third heat of the trot was very closely contested and exciting. Chloe took it, with Tucker second and Josie C. third. Time, 2:29.

Senator Wm. M. Stewart will speak at the Pavilion to-morrow night at 8:30 on Nevada and her possibilities.

"New York is a great place," said the tourist. "It has an Italian quarter and a Chinese quarter and a French quarter, but where is the American quarter?" "In the pocket of the hotel waiter," answered his American cousin. Not at the Riverside. The waiters are all girls and haven't any pockets.

Progress
It is very important in this age of vast material progress that a remedy be pleasing to the taste and to the eye, easily taken, acceptable to the stomach and healthy in its nature and effects. Possessing these qualities, Syrup of Figs is the one perfect laxative and most gentle diuretic known.

Mr. J. R. Shepherd, manager of the Paris Co-operative Mercantile Institution, Paris, Idaho, says that for colic produced by change of drinking water, Chamberlain's Colic Cholera and Diarrhoea Remedy is without an equal. It is quick and effectual and leaves no bad results. For sale by J. B. McCullough.

Sickness Among Children.
Especially infants, is prevalent more or less at all times, but is largely avoided by giving proper nourishment and wholesome food. The most successful and reliable of all is the Gail Borden "Eagle" Brand Condensed Milk. Your grocer and druggist keep it.

Electric Bitters
This remedy is becoming so well known and so popular as to need no special mention. All who have used Electric Bitters sing the same song of praise. A purer medicine does not exist and it is guaranteed to do all that is claimed. Electric Bitters will cure all diseases of the liver and kidneys, will remove pimples, boils, salt rheum and other affections caused by impure blood. Will drive malaria from the system and prevent as well as cure all malarial fevers. For sale by J. B. McCullough.

A Word to Ladies.
Ladies who desire a beautiful clear skin, free from pimples, boils, blotches and other eruptions, should commence at once to use Dr. Gunn's Improved Liver Pills. They will also remove that heavy look about your eyes and make them bright, and will cure headache from whatever cause it arises. Remember you are only required to take one small pill at bed time, which is coated with pure sugar, and will not grip or produce any unpleasant sensation. Sold at 25 cents by S. J. Hodgkinson.

A Wonder Worker.
Mr. Frank Huffman, a young man of Burlington, Ohio, states that he has been under the care of two prominent physicians, and used their treatment until he could not get around. They pronounced his case to be Consumption and incurable. He was persuaded to try Dr. King's New Discovery for Consumption, Coughs, Colds and at that time was not able to walk across the street without resting. He found, before he had used half of a dollar bottle, that he was much better; he continued to use it and is today enjoying the good health. If you have any Throat, Lung or Chest trouble try it. We guarantee satisfaction. Trial bottle free at W. Pinniger's Drugstore.

THE FAIR.

Another Good Day Enjoyed by Visitors.

The Fair grounds again presented an animated appearance this morning and afternoon. At 10 o'clock the stock parade took place and was highly interesting. The procession was headed by the celebrated El Rio Rey, followed by his mother, old Marion, and eight or nine other of her get. Besides the Winters family, a GAZETTE reporter noticed the following others in line: T. G. Herman with his family of seven Cleveland Bays, headed by his celebrated stallion Commonwealth, and a full-blooded Norman mare. Wm. Wright's Englishshire stallion Merfield King headed the line of some of his descendants and made a pretty appearance. Al White had a number in line. Wm. Thompson showed his thoroughbred Beesie Shannon.

W. C. Snodgrass showed two 4-year-old draft mares with their colts. E. W. Smith had in the line a 4-year-old gelding entered as a roaster. H. Stephens had a matched team of horses of all work that he expects a premium on.

Benton Sparks exhibited a matched span of carriage horses. A. J. Smith also had a matched span of horses of all work in line.

G. W. Robinson showed a graded Cleveland Bay 2-year-old mare. N. C. Nelson of Verdi was proud of a 2-year-old filly—horse of all work.

Wm. Mullaney of Silver City drove a 4-year-old mare and expects to win a prize for a roaster.

D. T. McCormack entered a Norman graded 2-year-old filly.

Miss Maggie Mayberry had a family of graded roadsters in line.

G. W. Mapes entered a span of draft horses.

R. C. Leeper entered a 4-year-old roaster, a stallion and a yearling.

P. J. Kelley had a 4-year-old gelding that he entered as a roaster.

R. H. Kinney was there with a 4-year-old Norman mare and a graded English colt by her side.

W. H. Haines showed a graded Englishshire colt.

C. R. Higley took pride in showing his family of graded Cleveland Bays.

T. J. Gardner entered a pretty little stallion as a roaster, and expects to carry off the sweepstakes.

J. Ede was showing a 3-year-old graded Norman, and Walter Ede of Sierra Valley a full-blood Norman 4-year-old.

H. Ede took great pride in exhibiting his graded Clydesdale mare, stallion and filly.

Dr. Dawson pointed to his 2-year-old roaster with pride, while J. H. Clark expects a premium for his matched span of carriage horses.

THE CATTLE.

The GAZETTE doubts if a finer display of horned stock can be shown in any State in the Union. Joe Marzen was in line with 29 head of short-horns ranging in age from six years down to sucking calves, headed by his thoroughbred bull as big as a mountain, and made a magnificent showing. Mr. Marzen's cattle are as good as any in the United States.

Seymour Bryant made a very fine show of 20 or more head of short-horns that would do credit to any State in the Union.

J. N. Evans showed some short-horns that might be exhibited in any State in the Union.

M. Gilling showed a family of Holsteins that is well worthy the attention of cattlemen.

Besides those already mentioned are many others, and they will receive attention in due time.

An interesting speed contest took place, at account of which will be found on the GAZETTE's first page.

PAVILION NOTES.

The Pavilion last night was crowded with visitors and many remarks were heard on the beauty of the exhibits and their tasteful arrangement. The music was fairly good, but better selections might be given and oftener.

Several additions have been made in the art departments. The fine display of R. Herz attracted much attention. The imitations of historical diamonds are especially good.

The Inyo marble works from Mammoth has a very pretty exhibit. This company is the only one in the country for D. O. Mills' building in San Francisco, and they show samples of the tiles to be used there; these are of a fine grained marble and are very handsome.

Several exhibits of cut flowers were entered today. To-morrow the GAZETTE will give a detailed account of the entire display at the Pavilion.

The Place To Visit.

Since the arrival and opening of their new Fall and Winter goods, the Palace Dry Goods and Carpet House has been the scene of lively trading. Many people are congregated there to purchase, and leave the store well pleased with their good bargains. But it is not to be wondered at, because this live and enterprising firm has imported an elegant and stylish stock of dress goods, fancy goods, jackets in sealette and cloth, long capes, carpets, linoleum, curtains, etc., which would be a credit to a city three times the size of Reno. Ladies and the public generally will do well to call at the Palace Dry Goods and Carpet House, not only to get the very latest, but also the right goods at the right prices.

Opera House.

The Specialty Company at the Opera House drew a good audience last night and succeeded in giving the usual measure of satisfaction by the variety and excellence of the performance presented. An entire change of program is offered every evening during the week and thus every performance is rendered attractive.

PAUL-LINN.

One of Hene's Daughters Captured by a White Flies.

Last night the residence of Judge Linn and wife was filled with relatives and friends to witness the marriage of their daughter Kitty to Mr. Frank Paul of Hamilton, White Pine county. The ceremony was performed by the Rev. Wm. Lucas, at about 8 o'clock, in the large double parlor, where the guests were assembled, with the bride and groom standing under the arch in the center. Miss Clara Paul acted as bridesmaid and George LaForge as groomsmen. Rev. Lucas pronounced the Episcopal marriage service in a very impressive manner, and at the close of the ceremony congratulations followed with a hearty feeling of sincerity, for the bride was a general favorite and the groom is one of White Pine's worthy young men. After this the guests were seated at the wedding feast and made merry over the rich repast.

Among the presents bestowed upon the bride were the following: Silver set of four pieces, from Mesdames Lathrop and Fretwell. Set of silver tea-spoons and sugar-spoon, from Mrs. Middleton. Ornamental salts, from Miss Effie LaForge. Silver-mounted pickle castor, from A. J. Pritchett.

A FORTY-DOLLAR MISTAKE.

Two Bidders for One Man at an Auction Sale.
An Iowa man, who is a great lover of horses, and who keeps a grocery store and a livery-stable, was desirous of obtaining a certain horse which was to be disposed of at a public sale of a gentleman's estate. He knew that it would never do for him to bid in person, as the auctioneer, aware of his weakness for fine animals, would manage by one means or another to run up the price. The story is told in the Chicago Herald.

The grocer and livery-keeper arranged to have another man bid off the horse for him, but when the hour of the sale arrived he felt that he must be present and see to it that his instructions were carried out.

He arrived a little late, and just as the horse was being sold. Yes, there was his man Jones, true to his trust, in the midst of the crowd that surrounded the fine animal. Just at that moment Jones bid one hundred and thirty-five dollars.

Some one must have immediately noticed five better, for in another moment Jones bid one hundred and fifteen. From some unseen bidder the auctioneer received another advance of five dollars.

That was as much as the horse was worth, but Jones had orders to buy it at almost any price, and he promptly raised his bid to one hundred and twenty. So matters went on till Jones bid was one hundred and thirty-five dollars.

At that point the livery-keeper mounted a box to see what fool wanted the horse so badly. On the further edge of the crowd stood Smith, and just as he nodded another five, it flashed upon the livery-keeper that he had told Smith to do exactly what, in his forgetfulness, he had afterward instructed Jones to do.

He lost no time in stopping the fun, which had already cost him about forty dollars.

Two-Dollar Counterfeits.
The ways of the wicked are most always found out at the last. The counterfeiters of the United States two-dollar silver certificate forgot to turn the letters two after photographing the bill and making it otherwise so like the genuine note that it deceived the best experts for awhile. The letters on the counterfeit read backward: o w r. They are on the top of the figure 2, and are so minute as to require a magnifying glass to be visible.
